

**PROPOSED PARK FEATURES**

- |                     |                    |                                    |
|---------------------|--------------------|------------------------------------|
| 1 PARK ENTRY        | 8 SWING            |                                    |
| 2 ACCESSIBLE PATH   | 9 SLIDE            |                                    |
| 3 LAWN              | 10 OBSTACLE COURSE |                                    |
| 4 RAIN GARDEN       | 11 CLIMBER         | 15 BENCH                           |
| 5 RETAINING WALL    | 12 STAIRS          | 16 DRINKING FOUNTAIN               |
| 6 RESILIENT SURFACE | 13 SEAT WALL       | 17 DRINKING FOUNTAIN WITH DOG BOWL |
| 7 PLAY HOUSE        | 14 PICNIC TABLE    | 18 BIKE RACK                       |

**Playground:** the top picks for play equipment have been included and where possible natural materials will be used. The play structures will accommodate different age groups and a drinking fountain will be installed.

**13 Seating:** More seating has been added to the revised design including more benches and wall seating, the most requested of all the seating types.

**4 Rain garden:** running the perimeter of the park, the raingarden absorbs water, supporting the goal of creating and enhancing natural systems. The raingarden was also the second most liked park feature.

**Trees:** more trees, including flowering trees have been added for more shade at this sunny site

**17 Dogs:** On-leash dogs are welcome at all parks! A new drinking fountain will include a dog water bowl for your pooch

**2 Path:** The main pathway has been widened and made accessible

### PROPOSED PARK FEATURES

- |                     |                    |                                    |
|---------------------|--------------------|------------------------------------|
| 1 PARK ENTRY        | 8 SWING            |                                    |
| 2 ACCESSIBLE PATH   | 9 SLIDE            |                                    |

| 5 RETAINING WALL    | 12 STAIRS          | 16 DRINKING FOUNTAIN               |
| 6 RESILIENT SURFACE | 13 SEAT WALL       | 17 DRINKING FOUNTAIN WITH DOG BOWL |
| 7 PLAY HOUSE        | 14 PICNIC TABLE    | 18 BIKE RACK                       |

DEVELOPMENT

The park design has been revised based on feedback received from the community. Some of the key improvements include more seating, more trees for shade, the most requested playground equipment, more of a barrier to keep kids away from Marine Way, a more accessible pathway, and a water bowl for dogs added to one of the drinking fountains.
