

WELCOME!

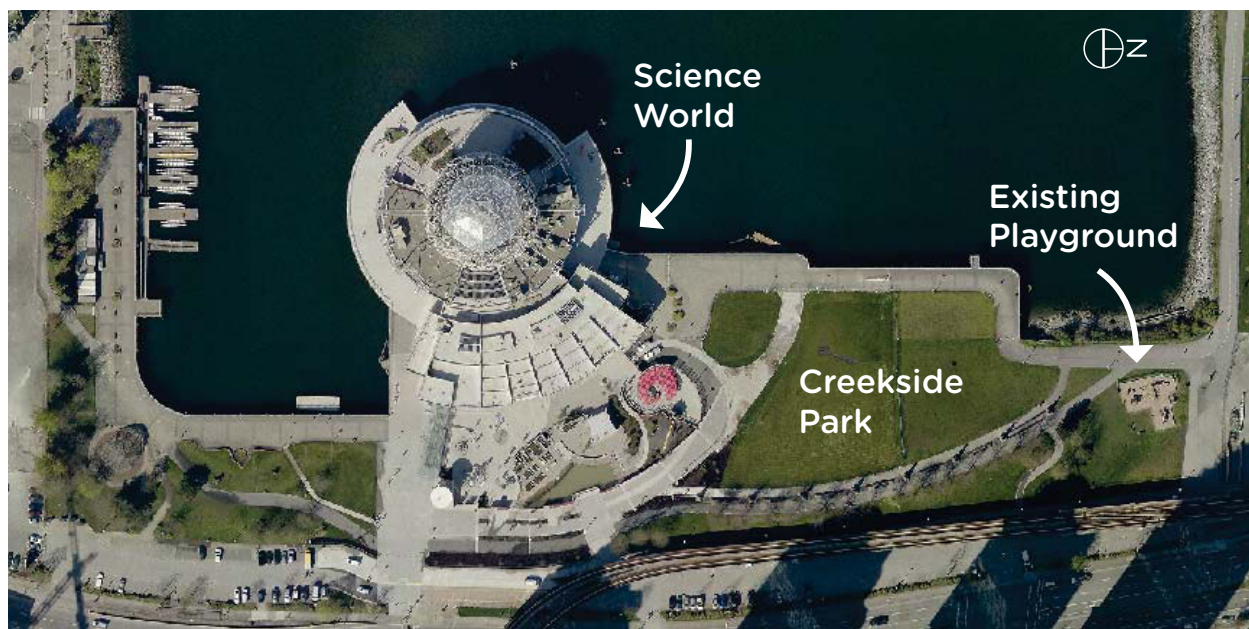

The Vancouver Park Board is renewing and enlarging the well-used playground at Creekside Park. The idea is to create an exciting new facility in this waterfront park.

This is an opportunity to respond to increased demand, improve accessibility and create an innovative, fun play environment.

The playground is expected to open in 2015.

Have your say!

Help develop this playground. Complete the questionnaire, select the new location and give input on the types of elements you would like to see!
