# Public Life Observational Data

# Survey Locations across Downtown

# 115+

locations surveyed

Intercept surveys were distributed across the Downtown peninsula, focused around the observational study areas.

The following spreads show all data across all surveyed sites combined. As there was more locations in the summer, it is less so to visualize the numbers as to show how the Public Life pattern changes by season and over the day. Following the overviews, all collected data by location is visualized, with Summer data on the left side and Winter data on the right - with a few exception that are called out.

# Public Life Survey Sheets - Intercept Survey

Summer

## FOR SURVEYORS

Name: \_\_\_\_\_  
Date: \_\_\_\_\_  
Survey Location: \_\_\_\_\_

### Procedure

1. Approach people in this space. It is important that everyone is approached, or every second or third person if there are too many people.
2. Identify yourself as a public life researcher, ask if the person has three minutes to answer an anonymous survey about the social life of this space.
3. Note age & gender of people who decline your survey. (see table below)
4. Surveys should be filled out directly by the respondent – not asked verbally by the surveyor.
5. Have the person place the form in a manila folder to ensure anonymity.

### Survey Demographics

#### Who DECLINED to fill out a survey?

AGE	MALE	FEMALE	UNSURE
15-24 (teens/high schoolers/young adults)			
25-64 (adults)			
65+ (seniors)			

Thank you for participating in this survey about public life in Vancouver. Your responses will be kept strictly confidential.

Turn over for page 2

**11. How would you rate your feeling of personal safety in this space right now?**

**12. In your time here today, did you recognize anyone you did NOT plan to meet?**

- ☐ No, I don't recognize anyone here right now. (skip to #17)  
☐ No not today, but I often recognize people here. (skip to #17)  
☐ Yes, I recognize people here today who I did not plan to meet.

**13. if yes Did you interact with someone here today who you did NOT come with?**

- ☐ Yes, I have interacted with people  
☐ No (skip to #17)

**14. if yes Did you know them before today?** (check all that apply)

- ☐ Yes, my friend  
☐ Yes, a friend of a friend  
☐ No, but I recognized them from somewhere  
☐ No, I have never seen them before

**15. if yes What brought about your interaction?** (check all that apply)

- ☐ I knew the person  
☐ Pets  
☐ Children  
☐ An activity, please write \_\_\_\_\_  
☐ Volunteering  
☐ Sat next to each other  
☐ Other: please describe \_\_\_\_\_

**16. if yes What was the location?**

\_\_\_\_\_

**17. What is your home zip code/country of residence?**

\_\_\_\_\_

**18. What is your age?**

- ☐ 15-19  
☐ 20-29  
☐ 30-39  
☐ 40-64  
☐ 65+

**19. Do you identify as?** (check only one)

- ☐ Male  
☐ Female  
☐ Transgender  
☐ None of the above. I identify as: \_\_\_\_\_  
☐ Prefer not to say

**20. Residents of Vancouver and those connected to the city in other ways, come from many different backgrounds. What do you consider your main ethnic origin or that of your ancestors (parents, grandparents)?** (you can select up to two)

- ☐ First Nations, Metis, Inuit  
☐ Canadian  
☐ European (e.g. British Isles, German, French, Greek, etc.)  
☐ Asian (e.g. Chinese, Filipino, Korean, etc.)  
☐ South Asian (e.g. Punjabi, Indian, Pakistani, etc.)  
☐ Latin/South American (e.g. Mexican, El Salvadorian, Argentinian, etc.)  
☐ African (e.g. Moroccan, Ghanaian, South African, etc.)  
☐ Middle Eastern (e.g. Lebanese, Iranian, Syrian, etc.)  
☐ Caribbean (e.g. Cuban, Jamaican, Bajan, etc.)  
☐ Oceania (e.g. Australian, New Zealand, etc.)  
☐ None of the above. I identify as: \_\_\_\_\_  
☐ Prefer not to say

**21. Which of the following categories best describes your total household income before taxes?**

- ☐ Under \$40K  
☐ \$40 - 60K  
☐ \$60 - 80K  
☐ \$80 - 100K  
☐ \$100 - 150K  
☐ \$150K and above  
☐ Prefer not to say

Note: We know some of these questions may seem noisy – we don't intend them to be! The questions asked here are important for understanding and improving opportunities for a better public life for everyone in Vancouver. The confidentiality of your response is very important to us.

Thank You!

# Public Life Survey Sheets - Intercept Survey

Winter

## HOW TO: Public Space Public Life Survey

### Intercept Survey

**Hi!**

I'm a volunteer for the City's public space public life survey to better understand how people get around and spend time in Downtown Vancouver. Do you have three minutes to answer an anonymous survey about the social life of this space?

*if needed: The findings of this study will inform a Downtown Public Space Strategy and potential test projects to bring the strategy from vision to action.*

Please text **Austin Norrie** at **604-368-4095** when you have started your shift (Example message: Jane Smith at Location #10).

Please return your completed surveys to the City of Vancouver kiosk at Robson Square (800 Robson Street).

For general assistance or questions please contact **Stephen Irving** at **604-355-9766**, or **Thomas Daley** at **604-395-2163**.

### What To Bring for a Survey Day

- Remember to bring your sheets, pens, and clipboard
- Wear clothing and shoes fit for the weather (i.e. Raining - rain jacket, rain boots, umbrella, warm clothing, etc.)
- Bring something to drink / snack on in between your tasks. Bathroom breaks are accounted for in the schedule.

Please show up **5-10 minutes before your scheduled start time**, so you can begin at the top of the hour.

At the end of your shift hand in your sheets at the provided location.

And always!

If any uncomfortable situations should arise, **you are more important than the survey!** Just leave - but make sure to inform the survey supervisor.

Most importantly - **HAVE FUN!**

**Thank you for participating!**

### Procedure

1. Approach people in this space. Try and capture a variety of people – consider age, gender, and ethnicity.
2. Identify yourself as a public life researcher, ask if the person has three minutes to answer an anonymous survey about the social life of this space.
3. Tally in table below the number of people who decline your survey. *(total at end of shift)*
4. Fill out the gray box at the top of the first page of the survey before handing to others, noting time/weather/location.
5. Surveys should be filled out directly by the respondent – not asked verbally by the surveyor.
6. Have the person place the form in a manila folder to ensure anonymity.

Please fill in your name: \_\_\_\_\_

Date: ☐ Thursday ☐ Saturday

## Active Facade Quality

### ACTIVE FACADE QUALITY

#### GRADE ACTIVITY / QUALITY FOR EACH FACADE

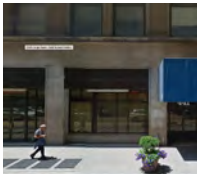

#### 1 VIBRANT

- Small units with many doors
- High transparency
- No vacant or passive units
- Lots of character
- Good articulation, materials and details

#### 2 ACTIVE

- Relatively small units
- Some transparency
- Few passive units
- Some articulation and detail

#### 3 DULL

- Large units with few doors
- Low transparency
- Some passive units
- Few or no details

#### 4 INACTIVE

- Parking or vacant lot
- Large units with few doors
- Very little or no transparency
- Many passive units
- Uniform facades with no details or nothing to look at

#### 5 MONUMENT

- A historic or visually interesting facade that may not be very active or transparent, but is visually remarkable

Task force!

# Public Space Analysis Tools

## 12 Quality Criteria

### 12 Quality Criteria

#### Protection

##### Protection against traffic & accidents — feeling safe

- Protection for pedestrians and cyclists
- Eliminating fear of traffic
- Safe crossings

##### Protection against crime & violence — feeling secure

- Lively public realm
- Allow for passive surveillance
- Diversity of functions 24/7/365
- Well lit / lighting in human scale

##### Protection against unpleasant sensory experiences

- Wind/draft
- Rain/snow
- Cold/heat
- Pollution
- Dust, noise, glare

#### Comfort

##### Opportunities to walk/cycle

- Room for walking
- Interesting facades
- No obstacles
- Good surfaces
- Accessibility for everyone

##### Opportunities to stop & stay

- Attractive & functional edges
- Defined spots for staying
- Objects to lean against or stand next to
- Facades with good details that invite staying

##### Opportunities to sit

- Defined zones for sitting
- Pleasant views, people watching
- Good mix of public and café seating
- Resting/waiting opportunities

##### Opportunities to see

- Reasonable viewing distances
- Unhindered views
- Interesting views
- easy orientation
- Lighting (when dark)

##### Opportunities to talk & listen

- Low noise levels
- Public seating arrangements conducive to communicating, 'talkscapes'

##### Opportunities for play & exercise

- Allow for physical activity, exercise, play & street entertainment
- Temporary activities (markets, festivals, exhibitions etc)
- By day and night
- In summer and winter

#### Enjoyment

##### Dimensioned at human scale

- Dimensions of buildings & spaces in observance of the important human dimension in relation to senses, movements, size and behaviour

##### Opportunities to enjoy the positive aspects of climate

- Sun/shade
- Heat/coolness
- Shelter from wind/breeze

##### Aesthetic qualities + positive sensory experience

- Good design and detailing
- Good materials
- Fine views/vistas
- Rich sensory experiences: trees, plants, water
