

Adjacent Tenant Consent Letter

To help businesses impacted by COVID-19, the City launched the Temporary Expedited Patio Program, a free permit which allows businesses to use sidewalk, road, and parking space as temporary patios. The applicant has requested a temporary patio to be placed in front of your business or residence on the roadway (curbside) or on the sidewalk from **March 31, 2021 to October 31, 2021**. This form confirms your consent as an adjacent property tenant to have your neighbour use the space in front of the premises.

The undersigned (the “**Adjacent Tenant**”) gives its consent to the City of Vancouver (the “**City**”) and to business applying _____ (the “**Applicant**” and patio operator) to participate in the Temporary Expedited Patio Program, including consent for the public property located in front of _____ (the “**Property**”) to operate a patio during the Applicant’s business operations.

The Adjacent Tenant (or Property Owner only if the storefront is vacant) represents and warrants to the City that:

- the Tenant or Property Owner is the legal and beneficial owner of the Property;
- the Tenant or Property Owner has full power and authority to grant the above consent and;
- no other person or entity of the Property is required to consent to participation in the Temporary Expedited Patio Program on the public property in front of the Property, including, without limitation, any tenant, occupant, or operator of the Property.

Authorized signatory of Adjacent Tenant or Property Owner
