

Information about 3rd party advertising signs on City Property

The Vancouver Street & Traffic By-Law 2849 Sec. 83(2) regulates the placement of advertising devices on Vancouver city streets. Note that the City does carry out enforcement under this By-law. Each sign that is removed carries a \$100.00 to \$300.00 impoundment charge.

Third (3rd) party advertising signs are not permitted on City of Vancouver Property.

The placement of 3rd party advertising signs on city boulevards, medians, lamp posts, utility poles, street furniture, fences, or any other area on city property, is prohibited, and therefore will be removed at a cost to the persons or companies involved in the sign placement. Note that the centre street median of Boundary Road is maintained by Vancouver, thus, all Vancouver By-laws are in effect for the entire median area.

Signs permitted

The only signage permitted on Vancouver City Property is in the form of one sandwich board sign (maximum 90cm x 60cm) located next to the entrance of a ground floor storefront. The sign must be placed against the building wall, or at property line, not in the middle of the sidewalk, or at the curb of the street. Please note that all boulevards (area between the street and sidewalk) are City Property.

We ask that all businesses and organisations inform their staff accordingly to avoid sign removal and possible impoundment charges.
