

Activity 4: Vancouver Geography and Facts

OBJECTIVES

Participants will:

- Learn about Vancouver's geography and facts

AUDIENCE

- Age: Young adult learners (including High School students) or adult learners
- Political knowledge: No prior knowledge necessary
- Language: Basic English

MATERIALS

- Printed copies of the "Vancouver geography and facts" presentation
- Bingo worksheet

INSTRUCTIONS

Form small groups of at least two people each (ideally each group should have four to six people, but the activity can be done in pairs). Each group should have a printed copy of the **Vancouver geography and facts presentation** and a copy of the **bingo worksheet**.

Activity 4: Vancouver Geography and Facts

Step 1

The teacher or facilitator should run through the presentation for the whole group

Step 2

Break into small groups. Each group will try to be the first to fill in all of the squares in the bingo worksheet by finding the answers in the printed presentation

Step 3

The group who completes the bingo sheet first wins!

Step 4

After a winner emerges, go back to review your answers as a full group
