

Vancouver Landmarks

These drawings, representing notable places in the City of Vancouver, are made from simple shapes.

Which **landmarks** do you recognize?

What **shapes** can you see? How many of each?

Colour and cut out these shapes to create your own Vancouver skyline – or use it as inspiration to create your own. Don't forget to add water, trees, and/or **your** favourite places to visit in Vancouver! Share your skylines with friends, family, and with us at [@vanparkboard](https://twitter.com/vanparkboard)!
