auto crime prevention tips

- Lock your vehicle.
- Invest in a good anti-theft device.
- Don't leave anything in your vehicle.
- Look for a well-lit, open area, near pedestrian activity if you're parking outside.
- Never assume your vehicle won't attract a thief.
- Avoid buildup of old insurance decals when applying new ones.
- Be sure to watch the gate close each time you leave or enter secure parking areas.
- Keep an extra key with you, not in the vehicle.

note: This list records the make and model of vehicles stolen in B.C. from January 1, 2012 to December 31, 2012. All vehicles — whether they appear on this list or not — are at risk of theft. To help protect your vehicle, it's worth investing in the best anti-theft system you can afford. Electronic immobilizers are effective in preventing theft and can qualify vehicle owners for a discount on auto insurance. But no anti-theft device is foolproof. For more information on anti-theft devices, go to icbc.com.
